

Giant Panda

Activity Pages

Information about the cryptogram puzzles.

There are two cryptogram puzzles in this set of activity pages. Both of them have the same solution. The first cryptogram puzzle gives one extra letter on the lines to make it a little easier to solve the puzzle.

Trial and error, reasoning and deduction are needed to solve a cryptogram. Usually it is best to try to get the smaller words solved first. Also be aware of the subject of the activity pages.
