

St Philip's Primary PE Funding Premium: 2019-20

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation, and is central to meeting the government's ambitions for a world-class education system.

The PE and Sport Premium is additional funding for schools intended to ensure additional and sustainable improvements to the quality of PE and sport on offer. The premium is used to:

- develop or add to the PE, physical activity and sport that St Philip's provides.
- build capacity and capability within St Philip's to ensure that improvements made now will benefit pupils joining the school in future years.

Schools should use the premium to secure improvements in the following 5 key indicators.

- Engagement of all pupils in regular physical activity (1).
- Profile of PE and sport is raised across the school as a tool for whole-school improvement (2)
- Increased confidence, knowledge and skills of all staff in teaching PE and sport (3).
- Broader experience of a range of sports and activities offered to all pupils (4).
- Increased participation in competitive sport (5).

		TOTAL SPEND: £16,000

As a result of Swimming lessons: -

43% of Year 6 took part in weekly swimming lessons learning and developing the basic swimming strokes in order to be able to swim independently and confidently. They were also taught water safety and the importance of being responsible and safe around water.

43% of Year 6 were due to partake in weekly swimming lessons but missed out on the opportunity due to the Covid 19 pandemic and the cancellation and closure of the swimming pool used for lessons.

14% of Year 6 opted out of swimming lessons.

Due to Covid 19 no formal swimming assessments were undertaken, therefore there is no current data as to the numbers of Year 6 pupils who are able to;

- swim competently, confidently and proficiently over a distance of at least 25 metres
- use a range of strokes effectively
- perform safe self-rescue in different water-based situations
