

St Philip's Primary PE Funding Premium: 2022-23

All young people should have the opportunity to live healthy and active lives. A positive experience of sport and physical activity at a young age can build a lifetime habit of participation and is central to meeting the government's ambitions for a world-class education system.

The PE and Sport Premium is additional funding for schools intended to ensure additional and sustainable improvements to the quality of PE and sport on offer. The premium is used to:

- develop or add to the PE, physical activity and sport that St Philip's provides.
- build capacity and capability within St Philip's to ensure that improvements made now will benefit pupils joining the school in future years.

Schools should use the premium to secure improvements in the following 5 key indicators.

- Engagement of all pupils in regular physical activity (1).
- Profile of PE and sport is raised across the school as a tool for whole-school improvement (2)
- Increased confidence, knowledge and skills of all staff in teaching PE and sport (3).
- Broader experience of a range of sports and activities offered to all pupils (4).
- Increased participation in competitive sport (5).
